

CHURCH @ HOME

HOW TO STREAM CONTENT

1

KEEP IT SIMPLE

Do you really need to watch on your TV? Would your phone or computer do just fine? If it stresses you out to figure it out, just watch from your phone or computer screen.

2

GO WIRED FROM COMPUTER

Most computers come with an HDMI port just like your DVD or cable box. You can borrow a cord from one of those devices. Just unplug from the box, plug into computer and it will show up on the screen.

3

STREAM FROM PHONE

The Streaming Icons usually appear in the upper right corner of the video playing. iPhone look for AirPlay or Screen Mirroring. Android is called Cast or Screen Mirroring. You must have a Smart TV or streaming device like Roku, FireTV or Apple TV.

4

ASK FOR HELP

Use your resources! Ask Google, Alexa, Kids, grandkids, neighbors, volunteers at church. If you really want to figure this out you can. Don't be shy use it as a learning opportunity. Take it slow and step by step. You can do it!
